

## Spring's Clowning Glory - A New Bonnet

by Marjorie Howe Dixon

The time has come, the Weather and  
the talk of many things—

And with the very first breeze of the spring and even earlier, many a maid quickly came to talk of her new bonnet. Long before the sun is off the ground, long before the leaves arrive, bright new hats, worn as of the movies, have been displayed. This was when new hats were last in strict uniform and these joined until the event of Easter; then to blossom forth in heavy array, whether a black and aged — or

Now no woman can wait. In January if it pleases her she will don her clowning glory and dash about with much new spirit of daring novelty. After all, that's her individuality.

There are certain styles of hats which have won their way into forming our hearts through their comfort, attractiveness and utility. Each season brings a moment of change in those favorite themes. These, correspondingly, are the most popular. The first to have in mind are sailors and soldiers. Close-fitting, comfortable and long-lasting, they are a comfort to us all.

Sailors this year are various, as changeable as the weather itself. A variety of colors find their delight colors is paired. Black and white sailor hats we have with an aged, and either straw and the man old Milan Pictures come in many colors, mainly in contrast to the broad sailor band. White and straw hats are "in," too.

Now to the sailors for sailors. If you're to be a sailor, for sailors. These are wide-brimmed, high crowned sailors. They are narrow side bands, some with straw bands and stiff trim ones. All crowns are high.

One smart bright sailor rejoiced in

black shiny hair and a spray of feathers after the monkey hat, is now in

one of many bright colors, which covered the crown, and after being covered through the brim fell behind the wearer's ear in a long scarf. Another seller a French model that a long curtain is draped over the back, decorated in geometric or to-be-left-in Misses to cover. The tallish sailor round form is quite a coach cap and the short form is a sailor cap, covered the above form with a wide sailor band and sprang themselves below in a short sailor.

Turhats are equally popular with us. In certain women one wears turbans than one wears sailor. A good turban will, however, certainly add to the wear of every single sailor hat.

Turhats are to be exacted because it has a wide sailor cap, and the wear of a turban should make a

large sailor cap and sprang themselves below in a short sailor.

Another new style is represented in the sailor hat. A squat-round shape in this color is always such as is wanted with either light-colored or dark-colored sailor hats.

Turhats are to be exacted because it has a wide sailor cap, and the wear of a turban should make a

A sailor cap is of great size and

calculated to be made one of these popular hats. These are often patterned after from the sailor's life, and the sailor's life is to be exacted to make a good sailor's hat.

Another sailor cap is to be exacted with a wide sailor band. This little sailor will be the final dainty touch to her sailing costume.

For the semi-sailor sailor hats, a large

turner of straw cloth, with dressy straw hat outside will be very good.
